

FOOD RECOVERY PROGRAM

The Florida Department of Agriculture and Consumer Service, Division of Food Nutrition and Wellness would like to assist your school in reducing student food waste.

Reducing student food waste can cut down on trash pick-up costs, create greater respect and understanding of food and protect our environment.

We offer guidance and educational materials on:

Composting

Student Food
Waste Audits

Food Donations
and Share Tables

AND MUCH MORE!

Learn more by visiting our [Food Recovery Program Website](#) or contacting our Food Recovery Specialist at InfoFNW@FDACS.gov or (850) 617-7400.

This institution is an equal opportunity provider.
