Product Bulletin

CLEAN-UP II™ POUR-ON INSECTICIDE WITH IGR

EPA Reg. No. 11556-186

**For control of adult (fly) *Cochliomyia*
hominivorax (New World screwworm)**

FOR DISTRIBUTION AND USE ONLY WITHIN THE STATES OF AL, AR, CA, FL, GA, LA, MS,
NC, SC, AND TN

FIFRA Section 2(ee) Recommendation

This recommendation is made as permitted under FIFRA Section 2(ee) and has not been submitted to or accepted by the U.S. Environmental Protection Agency.

It is a violation of federal law to use this product in a manner inconsistent with its label.

This product bulletin must be in the possession of the user at the time of pesticide application.

All applicable directions, restrictions, Worker Protection Standard requirements, and precautions on the EPA registered label must be followed.

This product has not been tested specifically for efficacy against New World screwworm (NWS, adults or larvae); however, applied as part of an integrated pest management plan, it may have preventative action against adult NWS (flies).

No single therapy should be assumed to be 100% effective. Implementation of a multi-faceted program is considered critical.

APPLICATION DIRECTIONS

Refer to the full EPA-registered label for Clean-Up II™ Pour-On Insecticide with IGR for complete use directions and restrictions including dosage, concentration, and application frequency requirements for use on cattle and horses.

TARGET ANIMAL	APPLICATION INSTRUCTIONS
Lactating and nonlactating dairy cattle, beef cattle, calves and MATURE horses	<i>Pour-on:</i> Apply 3 mL per 100 lbs. body weight of animal up to maximum of 30 mL for any one animal. Pour along back line and down face. Product may be either administered directly from graduated tip-and-pour container, graduated applicator gun, or graduated ladle/dipper. Do not use this method of application on foals.
Horses and Foals	<i>Wipe-On:</i> Apply 3 mL per 100 lbs. body weight of animal up to maximum of 30 mL for any one animal. Dampen an applicator mitt, cloth or toweling with Clean-Up Pour-On Insecticide with IGR. Rub over hair with special attention to the legs, shoulders, neck and facial areas where pests appear or tend to congregate. Apply directly onto attached ticks. <i>Ready-To-Use Spray:</i> Use undiluted in a mist sprayer, applying 3 mL per 100 lbs. body weight of animal up to maximum of 30 mL for any one animal. Direct spray to the legs, shoulders, neck and facial areas where pests appear or tend to congregate. Apply directly onto attached ticks.

IMPORTANT: Read the entire Directions for Use and the Limited Warranty and Limitation of Damages before using this product.
