Product Bulletin

CyLence® Pour-On Insecticide

EPA Reg. No. 11556-107

For control of adult (fly) *Cochliomyia hominivorax* (New World screwworm)

FOR DISTRIBUTION AND USE ONLY WITHIN THE STATES OF AL, AR, CA, FL, GA, LA, MS, NC, SC, AND TN

FIFRA Section 2(ee) Recommendation

This recommendation is made as permitted under FIFRA Section 2(ee) and has not been submitted to or accepted by the U.S. Environmental Protection Agency.

It is a violation of federal law to use this product in a manner inconsistent with its label.

This product bulletin must be in the possession of the user at the time of pesticide application.

All applicable directions, restrictions, Worker Protection Standard requirements, and precautions on the EPA registered label must be followed.

This product has not been tested specifically for efficacy against New World screwworm (NWS, adults or larvae); however, applied as part of an integrated pest management plan, it may have preventative action against adult NWS (flies).

No single therapy should be assumed to be 100% effective. Implementation of a multi-faceted program is considered critical.

APPLICATION DIRECTIONS

Refer to the full EPA-registered label for CyLence® Pour-On Insecticide for complete use directions and restrictions including dosage, concentration, and application frequency requirements for use on cattle.

TARGET ANIMAL	APPLICATION INSTRUCTIONS
