**Re: Sefina® Inscalis® Insecticide, EPA Reg. No. 7969-391
2(ee) Recommendation for suppression of pasture mealybug (*Helicoccus summervillei*) in grass
forage, fodder and hay (including grass grown for seed) and nongrass animal feeds (grown for
forage, fodder, hay, seed, and straw); includes mixed stands with grass forage, fodder and hay**

Enclosed for your review is a technical information bulletin/2(ee) recommendation for applying
Sefina Inscalis insecticide for suppression of pasture mealybug (*Helicoccus summervillei*) in the
following:

- grass forage, fodder, hay (including grass grown for seed)
- nongrass animal feeds (grown for forage, fodder, hay, seed, and straw)
- mixed stands with grass forage, fodder, hay

Distribution of the bulletin, coded 2026-04-0530-0139, will be by BASF personnel; it will **not** be
attached to or accompany the container of **Sefina Inscalis insecticide**.

If you have any questions, please contact me at 919-336-504-2762, or mary.fryczynski@basf.com.

Sincerely,
BASF Corporation
