Horse Trail Designations

The horse trails are marked on trees with a single, 6 inch wide blue band that makes a complete circle around the tree trunk. Metal signs showing the international symbol for horse riders supplement blue bands where needed.

On the Citrus Tract of the Withlacoochee State Forest, horses are allowed only on designated horse trails, field trial runs (except when field trials area being held) and open, designated vehicle roads. Horses may not travel cross-country, on fire lines, hiking trails or closed roads.

Horses harnessed to a surrey, buggy, wagon or other similar conveyance traveling on forest roads open to vehicles must comply with Florida laws pertaining to the use of these vehicles on public roadways.

You may encounter hikers on the horse trail, at trailheads and trail crossings. Communicate to other trail users to let them know if your horse is safe to pass. Turn your horse towards other trail users so your horse can see them. As always, all trail users must keep their dog on a leash and under control when passing other trail users.
