

SMART SNACKS REFERENCE SHEET > FOODS

The Smart Snacks in School Standards require all foods sold on the “school campus” during the “school day” to meet standards for fat, saturated fat, sugar, and sodium while promoting products that have whole grains, low-fat dairy, fruits, vegetables or protein food (meat/meat alternate=M/MA) as their main ingredient. Includes foods sold by school food service, clubs, etc.

Review the following steps to determine if a planned food/beverage item meets the Smart Snacks Standards.
